JOIN THE BOARD OF TRUSTEES

The American Registry for Internet Numbers (ARIN) is seeking leaders from across the region to serve on its Board of Trustees.

Why ARIN Matters

As one of five Regional Internet Registries (RIRs), ARIN plays a critical role in supporting the operation and stability of the global Internet. The ARIN region includes Canada, parts of the Caribbean and North Atlantic, and the United States. Its mission is to manage the distribution of Internet number resources – IPv4, IPv6, and Autonomous System numbers ensuring responsible, equitable, and technically sound administration.

ARIN is also a critical participant in Internet governance, facilitating open, community-driven policy development processes, engaging with governments and regulators, and supporting capacity building across its region.

The Role of the Board of Trustees

The ARIN Board of Trustees is responsible for the long-term strategic direction, fiduciary oversight, and overall governance of ARIN. Board members work to ensure the organization remains aligned with the interests of the Internet community it serves.

The Internet's continued reliability, resilience, and openness relies on institutions like ARIN maintaining transparency, accountability, and technical excellence. Board members contribute high-impact, mission-driven experience to ensure ARIN serves not only as a registry but as an advocate for the Internet's future.

Candidate Qualifications

- Professional excellence in technology, public policy, finance, legal or nonprofit sectors
- Strategic governance insight and corporate-level decision making experience
- Ethical integrity and accountability
- Awareness of the Internet ecosystem
- Regional diversity to reflect the needs of the broader ARIN community
- Commitment to open-minded collaboration to maintain responsible Internet stewardship

Benefits of Service

- Shape Internet policy and governance
- Build your global professional network
- Enhance your professional leadership credentials
- Support innovation and infrastructure development
- Promote inclusive, community-drive decision making
